

## Tips for Looking After Your Floor

- Install good sized floor mats both inside and outside external doors to trap dirt and grit and to dry wet shoe soles.
- Install felt protectors on the base of furniture legs.
- Dust, sweep or vacuum floors regularly to remove grit that can cause micro-scratches in the floor's surface.
- Remove spills immediately and spot clean affected areas using a Bona Trigger Spray and a soft cloth. Never use household cleaners on finished timber or hard surface floors. These may damage polyurethane finishes and make re-coating difficult. They can also dull and damage hard surface flooring.
- Clean the floor on a regular basis using a Bona Spray Mop. Clean high traffic areas such as kitchens more frequently. Never 'wet mop' a timber floor. Too much water can have an adverse effect. A light spray mist of a non-toxic cleaner such as a Bona floor cleaner is all that is necessary.
- In very heavily trafficked areas, such as entrance halls and kitchens, the use of mats or rugs should be considered to reduce surface wear. These should be permeable to allow the floor to 'breathe'.
- Avoid creating indentations in the floor. Common causes are stiletto heels and pet claws.
- Use a floor refresher or polish such as Bona Wood Floor Refresher or Bona Stone, Tile & Laminate Polish if your floor starts to lose its sheen. This will revive surfaces to give a newly finished look and continued protection against wear.

Sensible and regular preventative maintenance will extend the time before refurbishment is necessary and keep the floor looking great.

If your timber floor ever needs refinishing contact a Bona Certified Contractor for expert advice. A full list of BCC members is available at [www.bona.com.au](http://www.bona.com.au)

## Bona Brings Out the Best in Your Floors

Based in Sweden, Bona is the world leader in non-toxic floor finishes and care products for timber and hard surface floors. Flooring professionals and homeowners in more than 75 countries have relied on Bona since 1919, with Bona products now protecting millions of square metres of distinguished floors in palaces, museums, sporting arenas, art galleries and homes worldwide.

## GREENGUARD Certification

Bona's floor care products are GREENGUARD indoor air quality certified, which means they are safe for use around your home, your family and your pets. GREENGUARD certification strives to help reduce chemical exposure by connecting people to healthier products they can trust.

# Keeping Your Floors Looking Beautiful is as Easy as 1....2....3!

Bona timber and hard surface floor care products are the non-toxic choice for your floor. Following the simple Bona 3 step process for cleaning and maintaining your floors will keep them looking great for years to come. The Bona system includes everything from dusting and cleaning, to maintaining and protecting your floor to keep it looking the way it should - beautiful.

## Dust

Remove dust and grit from the floor using a super electrostatic Microfiber Dusting Cloth, or by gently vacuuming.

## Clean

Lightly spray and wipe using the Spray Mop with Microfiber Cleaning Pad. For stubborn spots, heel marks or sticky spills spray and leave for a few moments before wiping.

## Maintain

When necessary, maintain your floor to bring back the shine and revive scratched and dull surfaces. Use Wood Floor Refresher on sealed timber floors or Stone, Tile & Laminate Polish on hard surface floors.

# Bona Non-toxic Floor Cleaning

The Bona Floor Care system includes non-toxic surface cleaners for both timber and hard surface floors which leave no streaks and no dulling residue.

## Timber Floor Cleaner

Specifically designed for sealed timber and cork floors

Fast drying, ready to use formula

No streaks, no dulling residue left behind

- 2.5 Lt Refill
- 1 Lt Spray Pack
- 850 ml Mop Refill

## Stone, Tile & Laminate Floor Cleaner

Specifically designed for hard surfaces including stone, tile and laminate floors

Fast drying, ready to use formula

No streaks, no dulling residue left behind

- 2.5 Lt Refill
- 1 Lt Spray Pack
- 850 ml Mop Refill

# The Bona Complete System to Maintain and Protect

In addition to surface cleaners Bona offers a complete range of floor care accessories and products to help preserve the beauty and extend the life of your floor.

## Spray Mop

Ergonomic and simple to use, the Spray Mop has an integrated 850 ml cleaner cartridge and trigger spray function. Forget filling up a bucket, just spray and clean in one sweep. The cleaner cartridge can be refilled from the handy 2.5 Lt refill pack or replaced with any of the Bona cleaning cartridge range.

## Dusting Pad

Microfiber Dusting Pads are super electrostatic and offer quick, effortless dusting to lift dirt and grit and prevent the floor being scratched. Machine washable.

## Cleaning Pad

The Microfiber Cleaning Pad is a tough and reusable pad that is gentle on floors. The pad can be machine washed and reused more than 300 times without losing its effectiveness.

## Applicator Pad

The Applicator Pad features microfiber threads to give an even coat and ensure a smooth, fast application.

## Wood Floor Refresher

Refresher revives scratched and dull timber floors to restore a newly finished look and provide continued protection against wear.

## Stone, Tile & Laminate Polish

Polish brings a new shine to the floor surface whilst offering extended protection against wear.
